

## Questionnaire Climate Change Performance Index 2012

October 2011

Dear Reader,

Thank you very much for taking 20-30 minutes of your time to fill in this questionnaire! Please type your answers directly in the word file, save it, and return it to Kathy Bohnenberger (ksi@germanwatch.org) or Jan Burck (burck@germanwatch.org).

Thank you very much in advance!

Jan and Kathy

Your name:

Your organisation:

Representing which country:

---

### 1. Energy

(Public electricity and heat production; IPCC Category 1.A.1)

**a) Does your country have any national policies and/or measures for the reduction of CO<sub>2</sub> in the energy sector?**

Yes                      No

**b) If yes, please list the most important national policies and measures (max three) for the reduction of CO<sub>2</sub> in the energy sector and rate them according to their effectiveness.**

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

1. policy/measure:

---

---

Rate:    1            2            3            4            5

2. policy/measure:

---

---

Rate:    1            2            3            4            5

3. policy/measure:

---

---

---

Rate: 1 2 3 4 5

**c) Considering current emission reduction (or limitation\*) requirements on one hand, and the potential to reduce emissions on the other, how do you rate your country's current national climate policy in the energy sector?**

Rate: 1 2 3 4 5

Additional comments:

---

---

---

## 2. Manufacturing Industries and Construction

(IPCC Category 1.A.2)

**a) Does your country have any national policies and/or measures for the reduction of CO<sub>2</sub> in the manufacturing and construction sector?**

Yes No

**b) If yes, please list the most important national policies and measures (max. three) for the reduction of CO<sub>2</sub> in the manufacturing and construction sector and rate them according to their effectiveness.**

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

1. policy/measure:

---

---

---

Rate: 1 2 3 4 5

2. policy/measure:

---

---

---

Rate: 1 2 3 4 5

3. policy/measure:

---

---

---

Rate: 1 2 3 4 5

**c) Considering current emission reduction (or limitation\*) requirements on one hand and the potential to reduce emissions on the other, how do you rate your country's current national**

\* Only industrialised countries listed in Annex B of the Kyoto Protocol that are also Parties to the Protocol currently have internationally binding commitments.

**climate policy in the manufacturing and construction sector?**

Rate: 1 2 3 4 5

Additional comments:

---

---

---

**3. Transport**

(Domestic and international aviation and road transportation; IPCC Categories 1.A.3 and 1.C.1.a)

**a) Does your country have any national policies and/or measures for the reduction of CO<sub>2</sub> in the transport sector?**

Yes No

**b) If yes, please list the most important national policies and measures (max. three) for the reduction of CO<sub>2</sub> in the transport sector and rate them according to their effectiveness.**

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

1. policy/measure:

---

---

Rate: 1 2 3 4 5

2. policy/measure:

---

---

Rate: 1 2 3 4 5

3. policy/measure:

---

---

Rate: 1 2 3 4 5

**c) Considering its current emission reduction (or limitation\*) requirements on the one side, and its potential to reduce emissions on the other, how do you rate the current national climate policy of your country in the transport sector?**

Rate: 1 2 3 4 5

Additional comments:

---

---

---

\* Only industrialised countries listed in Annex B of the Kyoto Protocol that are also Parties to the Protocol currently have internationally binding commitments.

#### 4. Residential

(Emission from fuel combustion in private households and commercial/ institutional buildings; IPCC Category 1.A.4.a+b)

**a) Does your country have any national policies and/or measures for the reduction of CO2 in the residential sector?**

Yes                      No

**b) If yes, please list the most important national policies and measures (max. three) for CO2 reduction in the residential sector and rate them according to their effectiveness.**

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

1. policy/measure:

---

---

Rate:    1            2            3            4            5

2. policy/measure:

---

---

Rate:    1            2            3            4            5

3. policy/measure:

---

---

Rate:    1            2            3            4            5

**c) Considering its current emission reduction (or limitation\*) requirements on the one side, and its potential to reduce emissions on the other, how do you rate the current national climate policy of your country in the residential sector?**

Rate:    1            2            3            4            5

Additional comments:

---

---

#### 5. Forest

**a) Does your country have any national policies and/or measures for the reduction of deforestation and forest degradation?**

Yes                      No

**b) If yes, please list the most important national policies and measures (max three) for the reduction of deforestation and forest degradation and rate them according to their effectiveness.**

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

\* Only industrialised countries listed in Annex B of the Kyoto Protocol that are also Parties to the Protocol currently have internationally binding commitments.

1. policy/measure:

---

---

---

Rate: 1 2 3 4 5

2. policy/measure:

---

---

---

Rate: 1 2 3 4 5

3. policy/measure:

---

---

---

Rate: 1 2 3 4 5

**c) Does your country have any national policies and/or measures for supporting and protecting forest ecosystem biodiversity?**

Yes No

**d) If yes, please list the most important national policies and measures (max three) for supporting and protecting forest ecosystem biodiversity and rate them according to their effectiveness.**

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

1. policy/measure:

---

---

---

Rate: 1 2 3 4 5

2. policy/measure:

---

---

---

Rate: 1 2 3 4 5

3. policy/measure:

---

---

---

Rate: 1 2 3 4 5

## 6. International Climate Policy

(1= very good, 2= good, 3= neutral, 4= poor, 5= very poor)

**a) How would you rate the international climate diplomacy of your government, considering its performance at recent UNFCCC conferences?**

Rate: 1      2      3      4      5

**b) How would you rate the international climate diplomacy of your government, considering its performance at other recent international conferences or multilateral agreements? (e.g. G20)**

Rate: 1      2      3      4      5
